MOTHERS OF PLAZA DE MAYO LETTER TO AMBASSADOR CASTRO

(Summary)

These mothers ask for help in finding out the whereabouts of their detained and disappeared relatives.

They discuss the bad conditions in the jails, the fact that detainees are not able to offer a defence, that they are tortured and punished and held under PEN without any reason.

They write about the right of option to leave the country, noting that it is practically impossible to obtain the certificates from the foreign countries embassies.

They ask for help that their sons, husbands etc. be judged and that they be informed what they have done and where they are held.
